

HUNT FOR THE HAMMER

warhammer 40.000 league tournament

January 1st till March 30th

In association with our friends:

GAMEMAT.EU

Welcome,

It is with great pleasure that we introduce our brand new 40k league!
We want to try something new which will encourage people to paint their models
play more games of Warhammer 40k and get an even better understanding
of the game mechanics. This is the first in hopefully many organized leagues,
in which players will compete for each other in brutal 40k games to see who
will carry the Warhammer as our Club Champion! Please take the time to read
through this pack and hopefully we will see you soon on the battlefield.

THE RULES

The Hunt for The Hammer league tournament is an event exclusively for Amsterdam 6shooter members. The main principles of the league are the following: Play the games, paint the models, have fun and score points! We want to keep this league as easy as possible by limiting the number of tournament rules or restrictions so we can have as much club members participating as possible.

WHEN IS THE LEAGUE?

The league runs from January 1st till March 31st

WHERE IS THE LEAGUE?

Wherever you want to play with your opponent.

WHAT MISSIONS DO WE PLAY AT THE LEAGUE?

Whatever you and your opponent want, as long as you're using the matched play rules and a points level of 1750 your game is eligible for scoring points.

HOW DO WE SCORE POINTS FOR THE LEAGUE?

Each game grants you the opportunity to score a set of points. at the end of the league, all your league points will be added together. These are the points you can score through each game.

PLAYED A GAME	= 1LP
PLAYED WITH A FULLY PAINTED ARMY	= 1LP
WINNING THE GAME	= 1LP

After every game, each player sends an email to dickvdharts@gmail.com with their score and a CC with your opponent. At the end of the league, all these league points will be added together and divided by the number of games you played. this will result in your total LP score. At the end of the league, players can cast 1 vote to their favorite opponent via email. The player with the most votes can add 1 point to his total LP score. After everyone's total LP score has been calculated every player gets an additional 0.5 LP for every game they played. While minimal you do get a slight advantage if you manage to play more games. The player with the most points will carry the title of "THE MAN WITH THE HAMMER WHO SMASHED ALL BATTLEBROTHERS".
